

THE NEBRASKA WHEAT GROWERS ASSOCIATION

P.O. Box 95063
Lincoln, NE 68509

Telephone (402) 471-2358
FAX (402) 471-3446

Every year you invest in seed, fuel, fertilizer, machinery and other inputs required to produce wheat. How much do you invest in equitable farm programs, international marketing and environmental issues that dictate how you run your farm?

Membership in the Nebraska Wheat Growers Association should be a part of your general operation cost, just like seed, fertilizer and fuel. Membership is really a type of insurance to help protect and improve the price you are paid for the quality wheat you produce. Membership dues are a tax deductible *investment* in your industry.

Membership Fees

Grower/Producer/Landlord

\$75.00 annually

\$375.00 – 5 years

(receive premium choice)

\$1500.00 Lifetime

Thank YOU for your support!

Thank you for your commitment to the Nebraska Wheat Growers Association! NWGA frequently needs help from its members to influence issues. Sometimes that help is a simple letter or phone call to a legislator; sometime it involves representing NWGA at a meeting, simply sharing your opinion on an issue, help with an NWGA committee or meeting consumers when helping in the Mobile Baking Lab.

Please check below the issue area (s) you would be interested in assisting NWGA in its mission of enhancing profitability for grain producers. Thank you!
